

Our ref:

Dear

2016-17 SURVEY

I am writing to invite you to help us with the next stage of the 1970 British Cohort Study. As you know, the study has been following everyone in Britain born in the same week as you, from childhood right through to the present day.

Your continued support and involvement is vital to the success of the study and is greatly appreciated. Thanks to your continued participation we now hold a unique set of data that is used by academics, charities and policymakers around the world to examine how experiences and circumstances at one point in time impact upon later life.

The 2016-17 Survey has a particular focus on health. The survey is being conducted by NatCen Social Research, Britain's largest independent social research agency. You will be visited by a nurse interviewer, who will ask you some questions, ask you to do some different activities and take some measurements.

WHAT HAPPENS NEXT?

The nurse interviewer from NatCen Social Research will contact you over the next few weeks to ask if you would be willing to take part, and answer any questions you may have. If you would like to take part, they will then arrange a convenient time to visit you.

ANY QUESTIONS?

If you have any questions or would prefer not to take part, please contact the NatCen research team by email at bcs70@natcen.ac.uk or on Freephone **0800 526 397** between 9:00am and 5:00pm (Monday to Friday). More information is also available on the study website: www.bcs70.info.

We hope you enjoy taking part.

Yours sincerely,

Alice Sullivan

Professor Alice Sullivan,
BCS70 Director
